LIPN

Long Island Professional Network

Our mission to provide opportunities for members to network with other professionals, share their best business practices and learn from others; and to be each other's dedicated salesforce.

We come to the table with specialized expertise and do our best to refer and generate business for our members.

We are a one-profession based organization, so please review our current roster. If you do not see anyone in your specific field, we encourage you to ask to visit one of our meetings.

In addition to supporting each other in business, we believe in supporting our local community in philanthropic endeavors. This includes toy and food drives, sponsoring of activity leagues for children, and volunteering our time at soup kitchens and children's organizations.

For more information, visit our website.

Make Your Business Stand Out With a Podcast

Merrill Loechner
*Founder &
Podcast Producer*

Podcasts are considered one of the best long-form story formats available. Unlike the quick flash of video or the micro-blurbs of social media posts, podcasts give you the time and space to talk in-depth about yourself, your expertise, and your product or service.

Whether you want to know all the technical components of putting a podcast together, or just want to show up and talk, we can help you get your story out.
